## **Our mission**

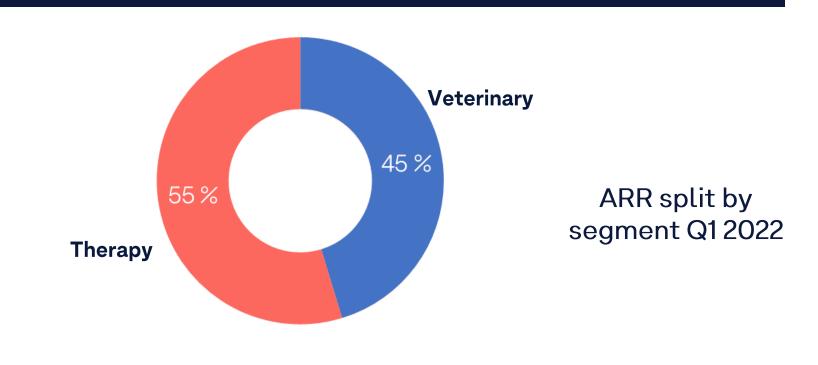

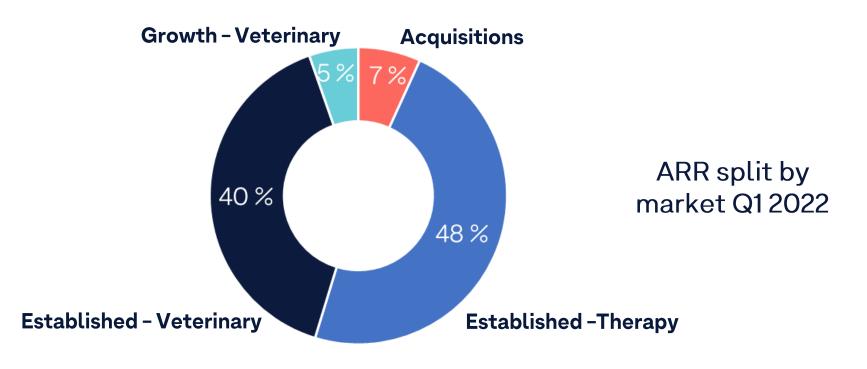

Improve the daily lives of healthcare professionals

# Leading Nordic healthcare SaaS company expanding internationally M

#### 2022 business overview

- We build & acquire practice management software (PMS) in select healthcare niches. Currently, our software solutions target veterinary, physiotherapy, psychotherapy, occupational and speech therapy clinics.
- We have a once-in-a-generation window of opportunity in the next 5 years to recruit and onboard clinics as they shift from legacy on-premise or hosted software to cloud-based software. In June 2021, we raised €120M to capture clinics when they make the decision to switch.
- We are market leaders in the Nordic veterinary and therapy PMS markets and rapidly expanding internationally with strong beachheads in Spain, UK and USA
- We serve over 30,000 healthcare professionals across 11,000+ clinics and hospitals located in over 30 countries
- In April 2022, we recruited our 350<sup>th</sup> employee.

- 4. Build one modern, easy-to-use and efficient cloud-based software per healthcare niche that attracts customers through word-of-mouth
- 5. Grow outside the Nordics within attractive healthcare niches organically one country at a time, focusing on being the #1 player in each market
- 6. Grow Average Revenue Per User (ARPU) by continuously expand product offering range organically: Payments, consumer apps,...
